ABOUT

Front-end Developer with 5+ years of experience building web products with React, Vue.js, and Node.js, working across Brazilian startups. I hold a degree in Digital Design and a technology degree in Internet Systems, combining technical depth with a strong sense of UX. I have contributed to interface development using Phoenix LiveView and TailwindCSS in a collaborative project. Currently expanding into Fullstack with NestJS, Fastify and PostgreSQL. Open to remote opportunities worldwide.
